

Owensville Primary Care, Inc.
Clinical Quality Outcomes – 2016 & Prior Years
June 14, 2017

Owensville Primary Care submits the following Clinical Quality Outcomes to the Bureau of Primary Health Care (BPHC) on an annual basis. This report is known as the Uniform Data System (UDS). The table below provides a 3-year comparison these clinical measures starting with 2016. Additionally, OPC provides comparative data against the other Maryland FQHCs performance for the same clinical outcomes.

REVISED: 03/29/2017

2016 Clinical Outcomes Quality Measures Comparison to Prior Years

		Summary: UDS Comparisons			Maryland FQHC Comparisons	
		OPC 2016	OPC 2015	OPC 2014	Maryland FQHC Average 2015	Maryland FQHC Average 2014
